

## **Monolithic Power Systems CFO to Present at Pacific Crest Technology Forum**

SAN JOSE, Calif., July 22, 2008 /PRNewswire-FirstCall via COMTEX News Network/ -- Monolithic Power Systems (MPS) (Nasdaq: MPWR), a leading fabless manufacturer of high-performance analog and mixed-signal semiconductors, today announced that CFO Rick Neely will present at the Pacific Crest 10th Annual Technology Forum on Tuesday, August 5th, 2008. The conference will be held at the Sonnenalp Resort in Vail, Colorado.

Neely will present at 3:30pm Mountain Time (2:30pm PT/5:30pm ET), and will discuss the company's continued success in developing and delivering leading-edge analog and mixed-signal semiconductor products.

About Monolithic Power Systems, Inc.

Monolithic Power Systems, Inc. (MPS) develops and markets proprietary, advanced analog and mixed-signal semiconductors. The company combines advanced process technology with its highly experienced analog designers to produce high-performance power management integrated circuits (ICs) for DC to DC converters, LED drivers, Cold Cathode Fluorescent Lamp (CCFL) backlight controllers, Class D audio amplifiers, and Linear ICs. MPS products are used extensively in computing and network communications products, LCD monitors and TVs, and a wide variety of consumer and portable electronics products. MPS partners with world-class manufacturing organizations to deliver top-quality, ultra-compact, high-performance solutions through the most productive, cost-efficient channels. Founded in 1997 and headquartered in San Jose, California, the company has expanded its global presence with sales offices in Taiwan, China, Korea, Japan, and Europe, which operate under MPS International, Ltd.

Monolithic Power Systems, MPS, and the MPS logo are registered trademarks of Monolithic Power Systems, Inc. in the U.S. and trademarked in certain other countries.
